

During Reading Strategies: Engage Young Children as They Read

During reading strategies focus students' attention, helps them make connections, and engages them in the text.

- Establish a reading routine
- Questioning
- Retelling

During Reading: Establish a Reading Routine

Caregivers: Creating a reading routine helps establish a reading habit for your child. Pick a comfortable place and a time of day that is suited for both of you while reading.

During Reading: Questioning: Levels of Questioning

Caregivers: Ask your child questions while reading to engage them. Questions can review, restate, emphasize, and/or summarize what is important in the story.

During Reading: Retelling

Caregivers: Ask your child to retell parts of the story in their own words. This helps them to reflect on the ideas of the text and their learning.
