Follow us:

Read and learn easier

Bookshare makes reading easy. Customize your reading experience with audiobooks and ebooks designed for people who have difficulties reading traditional print. And find virtually any book for school, work, or the joy of reading.

Assisted reading

Listen to words read aloud, follow along with word highlighting, read in large text or braille.

Customized learning

Adjust reading speed, enlarge font sizes, change highlight colors, contrasts, backgrounds, and more.

High-quality audio

Listen to books in human-narrated audio and high-quality text to speech.

Read where you want

Read on computers, smartphones, tablets, assistive technology devices, and Alexa-enabled smart speakers.

No wait reading

Read when you want and never worry about wait times or due dates.

Unlimited value

Free for US schools and qualified students, \$79.99 annually for adults with unlimited reading.

Who qualifies?

To join Bookshare, members must have a qualifying disability, including dyslexia, learning disability, visual impairment, or physical disability. IEPs and 504 plans are not required.

Hear what teachers say...

[One of my freshmen students] was reading graphic novels at a fourth-grade level and really struggling. She was not confident in herself and shied away from reading. Reading highlighted text while listening to narration helped her comprehend chapter books that were age appropriate.

— Ben G., Special Education Teacher in rural Alaska
